Dear Friends in the One Who Loves us & Loosed Us from Our Sins,

By the time you read this email we should be on the road heading back to Holland Michigan. What a blessed winter. We thank the Lord for all the new friends we have met. The family of God is a big family, and I am ever grateful to the Lord for bringing new family members into our lives. The fellowship with the New Life in Christ Church has been an edifying experience. The Bible studies we led were a rich encouragement in many ways. Among the small group studies was one that were truly sincere Bereans and we praise God for the spirit they exemplified. We were grateful also, for the many churches that opened their doors to our ministry.

One response to our last emailing was one which wondered why there were no photos. Well, one reason, is because of the time delay in downloading our emails. We figure that our recipients might not wait the two or three minutes it takes to bring them up. We have posted some photos for this issue. Those who know Norman and Carol Gidney will be happy to see their recent photo. Norman preached three times while with us. Do order his CD, or his DVD. Then I have included a photo of Mrs. Carolyn Wilde. What a dear "talented" saint of God! Then, there is a photo of some members of our family.

We have included another excerpted study from our mss on The Revelation. We have orders for the published book but alas it will probably be another couple of months for it to come back from the publisher. We have not received our book, "*Henceforth a Crown*" yet. Maybe in the next few weeks.

Future plans include a trip to Massillon, Ohio in June. This is one place we appreciate going, because of friends and family. We do hope that we will have at least a couple of months at our condo in Michigan this summer. We love the place, but while we are getting older it would seem like we are traveling more than ever. We do plan to be at the Military Police Reunion in Myrtle Beach this Fall, and also visit with friends and supporters in Pennsylvania. May our steps be ordered of the Lord.

One more thing, have you ordered any of our DVD's yet. You'll be surprised at their quality and their content. Our next project will be The Revelation, then Ephesians.

The grace of the Lord continue with each and every one of you.

Sincerely because His, Henry, John 3:30
